DUBLIN CASTLE,

4th May, 1891.

SIR,

I have to acknowledge the receipt of your letter of the 1st instant, forwarding, for submission to His Excellency the Lord Lieutenant, the Annual Report of the Commissioners of Education in Ireland, for the year 1890-1891.

I am, Sir,

Your obedient Servant,

W. S. B. KAYE.

The Secretary to the
Commissioners of Education.

ANNUAL REPORT

OF THE

COMMISSIONERS OF EDUCATION IN IRELAND,

FOR THE YEAR 1890-1891.

TO HIS EXCELLENCY LAWRENCE, EARL OF ZETLAND,

LORD LIEUTENANT-GENERAL AND GENERAL GOVERNOR OF IRELAND, &c., &c.

WE, the Commissioners of Education in Ireland, constituted by Acts of Parliament passed in the reigns of their late Majesties King George the Third and King George the Fourth, respectfully submit to Your Excellency the following General Report of our proceedings during the year 1890-1891.

We mentioned in our Report for last year that we did not think it necessary to make any further objection to the Scheme under the Educational Endowments (Ireland) Act for the reconstitution of this Commission and for the future government and management of the Ulster Royal Schools, in the form in which it then stood. When, however, the Commissioners under that Act were engaged in preparing an amended Scheme in accordance with the Declaration of the Privy Council of the 19th May, 1890, they notified to us that The Lords Commissioners of Her Majesty's Treasury had called upon them to omit from the 7th section the clause empowering us, with the consent of The Treasury, to grant superannuation to our officers on the usual terms. This application on the part of the Treasury appeared to us to involve great hardship to our officers, and accordingly we instructed counsel to appear on our behalf to resist it at a public sitting held by the Endowments Commissioners to consider the matter. We regret, however, to state that these Commissioners came to the conclusion that, in face of the opposition of the Treasury, the clause could not be retained, and it was omitted. This omission of all provision for superannuation rendered the position of officers appointed after the Act of 1885 so unsatisfactory in our opinion that, when the Amended Scheme was again submitted to the Privy Council, we forwarded an objection to it on the ground that a power of arbitrary dismissal of those officers was given to this Board by the 7th section, and we submitted that the section should be amended by striking out the words that gave that power. This objection was considered by the Privy Council on the 29th day of October, 1890; the view put forward by us was assented to, and the Scheme was remitted with the following declaration (*inter alia*):—

That Clause 7 be so modified as to provide that every Secretary and other officer appointed after the passing of the Act, shall be subject to removal for misconduct, or inefficiency, or in case the Commissioners shall deem the continuance of the office unnecessary, upon due notice being given in the last mentioned case, or upon payment of a reasonable sum, not exceeding six months' salary, in lieu of notice.

The Scheme as so modified received the provisional approval of your Excellency in Council on the 5th day of March last; and we anticipate that it will come into operation early in May. In order, therefore, to avoid embarrassment to the new Commissioners in the event of our anticipation being realised we present our Report on this occasion somewhat earlier in the year than we have been accustomed to do.

The Scheme under the same Act for the Preston School, Navan, and the Athlone Private School, has, since our last report, been finally approved of by your Excellency. Under its provisions the management of these schools is transferred from us to the Meath Diocesan Board of Education, and we merely hold the Endowments in trust for that Board. This Scheme came into operation on the 2nd day of August, 1890, and some time after that date our attention was drawn to two errors in the Schedules that had

previously escaped our notice. We thereupon applied to the Educational Endowments Commissioners to amend these errors, and they have introduced the necessary correction as regards the more important of them into the Scheme that has been published dealing with the Ballyroan Endowment. With regard to the other they have informed us that they are of opinion that it has no material effect; but, as we are unable to agree in this view, we have repeated our application for an amendment.

These schools will not in future be noticed in our reports except in the annual Statement of Accounts.

Three other Schemes under the Act of 1885 dealing with endowments under our control have been published in the course of the past year—viz., those for the Diocesan Schools and the Banagher Royal School, for Midleton College and for the Preston School, Ballyroan. The first of these Schemes proposes (subject to certain vested interests and charges) to transfer the endowments to the Intermediate Education Board for Ireland, to be administered by them for the purpose of providing such special prizes as they may deem expedient. We have lodged an objection to this Scheme on the ground that no provision has been made for repayment to us of a debt of £299 19s. 6d., standing in our books against the Banagher School.

Under the provisions of the Scheme for Midleton the endowments at present vested in us are transferred to a governing body thereby incorporated, and the management of the school is placed entirely in the hands of that body, except in some few cases where it is provided that our consent shall be necessary to enable the governors to act. We have applied to the Endowments Commissioners to amend the Scheme by omitting the provisions that reserve this power to us.

The Scheme dealing with the Preston Endowment, Ballyroan, provides for the discontinuance of the School heretofore existing at that town. The Endowment is to continue vested in our hands, and we are henceforth to apply the yearly income in the promotion of Intermediate and Technical Education in the Queen's County, by means of not more than two schools, one in or near the town of Abbeyfeix, and one in or near the town of Maryborough. We have not forwarded any specific objection to this Scheme; but we have applied to the Endowments Commissioners to amend certain errors that we have pointed out to them in the Schedules.

We elected one Royal Scholar in November—J. C. Weir, to an Exhibition of £30 a year on the Armagh foundation, subject to the provisions contained in the Regulations for Royal Scholarships for 1890; and we awarded an entrance prize of £30 to Edmond Sikas of Midleton College.

We have expended on the various school premises throughout the year such sums as we thought advisable under present circumstances. At Armagh especially, we have carried out a considerable quantity of repairs that seemed to us necessary to put the buildings into as good a condition as they were in when their value was estimated for the purpose of the Royal Schools Scheme.

ROYAL SCHOOLS.

The number on the rolls at the Royal Schools in February last, as shown by the annual returns furnished by the Head Masters, amounted to 153 (61 boarders, 92 day pupils), as compared with 164 (4 boarders, 160 day pupils) for the previous year. Classifying these pupils according to their religious belief, we find that 124 belong to the Church of Ireland; 1 to the Roman Catholic Church; and 28 to other religious bodies. There are six freeschoolers at these schools.

Armagh, Cavan, Dungannon.—We have no particular remarks to make on any of these schools.

Enniskillen.—The return of the Head Master of Enniskillen shows an attendance of ninety-five, of whom fifty-nine are boarders, and thirty-six day pupils. This great improvement over last year, Dr. Steele informs us, is due to the appointment by him of Dr. W. B. Lindsey as Assistant Master at Portora to aid in the management of the school. Dr. Lindsey had previously to this appointment been Master of the Tipperary Grammar School, and we understand that the greater portion of his boarders have followed him from that school to Enniskillen. In consequence of this increased attendance Dr. Steele has applied to us to raise the annual allowance made to him out of the Endowment for Assistant Masters to the sum of £500, the amount at which it stood in the year 1883, when it was reduced owing to the decline of the school; the additional grant, amounting to £140, to be paid as salary to

Dr. Lindsey. We have informed Dr. Steele that before we can entertain this application, it will be necessary for him to obtain Your Excellency's consent to the appointment, as provided by the 18th section of the 53 George III., cap. 107.

Dr. Steele has also appointed Mr. W. N. Tetley as one of his Assistant Masters, vice Mr. Pontet resigned. Your Excellency's consent to the appointment will be necessary in this case as well as in the former, if we are to continue to Mr. Tetley the salary of £100 a year that we paid to his predecessor. We have not heard whether these consents have been obtained, or not.

Raphoe.—Being of opinion that the Scheme for the Royal Schools would come into operation, as regards Raphoe, early in May, we determined to discontinue this school at Easter. Since the death of the late Mr. Weir, in 1889, it had been carried on under the direction of the assistant masters.

GRAMMAR SCHOOLS OF PRIVATE FOUNDATION VESTED IN THE COMMISSIONERS.

The Preston School, Navan, having, as before mentioned, passed from our control, and the Clonmel Grammar School remaining closed, there are but two schools of this description at present in operation, Middleton College and the Preston School, Ballyroan. The annual returns give the number on the rolls in February as 56 (28 boarders and 28 day pupils), of whom 45 are Protestant Episcopalians, and 11 members of the Roman Catholic Church. Eleven of these Scholars are free.

We have no remarks to make upon the non-vested schools, or upon the diocesan schools. The number of pupils at our four tenantry schools has decreased from 412 to 397. The average attendance continues to be fairly satisfactory.

No notice has been taken in Appendix C, either of those schools that are not at present in operation, or of those from which we have received no Returns.

We are obliged to omit this year the information that we usually add upon the management of our estates, as well as the Table in the Appendix showing the Rentals, &c., of these estates; as, owing to the early date at which we present our Report, the reason of which has been already stated, our agents have not yet furnished to us their annual Rentals and Accounts.

Appended will be found (A), a List of Royal Scholars; (B), Regulations for Royal Scholarships in Trinity College; (C), a Table of Attendance at the various Schools under the control of this Board; and (D), a Statement of Accounts for the year ending 31st December, 1890.

R.

Notice is hereby given, that a Scheme dealing with the Endowments of the Royal Schools has been published by the Educational Endowments Commissioners, and that in the event of such Scheme coming into operation previous to the award of Royal Scholarships for the year 1891, such Scholarships can be granted only subject to the provisions of that Scheme.

The following regulations are announced, subject to this notice.

ROYAL SCHOLARSHIPS IN TRINITY COLLEGE, DUBLIN.

REGULATIONS OF "THE COMMISSIONERS OF EDUCATION IN IRELAND" FOR 1891.

"The Commissioners of Education in Ireland" have founded Exhibitions called "Royal Scholarships," for students who shall enter Trinity College from the Royal Schools of Armagh, Dungannon, Enniskillen, or Cavan. One scholarship of £40 and one of £30 will, if sufficient merit is shown, and if there are funds available for that purpose, be awarded in 1891 to candidates from Dungannon and Enniskillen; one of £35 to candidates from Cavan Royal School; and one of £30 to candidates from Armagh Royal School.

These scholarships can be obtained by such students only as have been three years in all, previously to their entrance into Trinity College, pupils in some one or other of the Royal schools. It is not, however, hereby intended to prevent pupils from moving from one of these schools to another; but the scholarships founded for the respective schools of Armagh, Dungannon, Enniskillen, and Cavan, can be obtained only by students who have entered the University from the schools for which such scholarships have been founded.

Subject to certain conditions hereinafter mentioned Royal Scholarships are tenable for four years, save that on the Armagh foundation, which is tenable for two years, but with power to the Commissioners to extend same at the expiration of said two years for a further period of two years, if there are funds available for the purpose.

The Provost and Senior Fellows appoint examiners in each year, to examine, on the first convenient day after the second entrance, in the month of October, such students as have entered from the said four Royal schools, and shall offer themselves as candidates for these scholarships.

In 1891, the examinations will be in the subjects selected by the Board and Council of Trinity College for their Junior Exhibition Examination. The scale of marks in both Examinations will be identical.

No scholar shall be admitted as a candidate, who shall not have remained at one of the Royal schools to which the scholarships are attached till the scholarship entrance examination next preceding the examination for Royal Scholarships at which he may be a candidate.

No other student shall be admitted as a candidate for a Royal scholarship who shall not have remained at one of the Royal schools to which the scholarships are attached till an entrance examination in Trinity College, in the month of October next preceding the examination for Royal scholarships.

In 1891 no student who shall have attained 19 years of age on the 1st day of October can be a candidate for a Royal scholarship.

Each candidate shall produce to the Secretary of the Commissioners a certificate signed by the Master of the Royal school from which he shall have entered Trinity College, certifying that he is duly qualified according to the above-stated rules; such certificate, countersigned by the Secretary to the Commissioners, to be subsequently handed by the candidate to the examiners.

No student can be a candidate a second time.

The candidates from all the schools shall be examined together, and a return made to the Commissioners of their positive merit; and also an arrangement of the candidates according to their answering, without distinction of schools.

The Commissioners reserve to themselves the power of suspending or diminishing one or more scholarships if sufficient merit has not been shown.

A Royal scholarship becomes forfeited by the holder of it incurring any heavy collegiate censure, such as public admonition, or restitution; failing to proceed regularly with his class without the leave of the Board of Trinity College; or failing to obtain in any year either one honor of the first rank, or two honors of the second rank.

Each of the following distinctions is reckoned as equivalent to one honor of the first rank; a University Modernship—a University Scholarship—the Berkeley Gold Medal—the Vice-Chancellor's (Latin) Gold Medal—the Lloyd Exhibition—the Wray Prize—Success in the First Indian Civil Service (competitive) Examination, or at the Cooper's Hill Engineering College, or Woolwich or Sandhurst Entrance Examinations. And each of the following distinctions is reckoned as equivalent to one honor of the second rank; the election itself to one of the Royal Scholarships, obtaining a Respondebey, or a first class at the Litllege.

The exhibitions become due half-yearly, viz., on the first of May, and on the first of November. Payments will be made in May to such students only as have obtained in the preceding part of that year at least one honor of the second rank. A half-yearly payment held over in May will be made in November, provided an honor has been obtained in the meantime; and payment for the entire year will be made in November to such students as have not qualified for the May half-year's payment, and shall have then fulfilled all the requisites for the entire year. Payments in respect of Royal scholarships at each of the above-mentioned Royal schools, will only be made where there is residue of funds available for that purpose from the estate of that school after the payment of all prior charges upon the school funds.

In cases where very distinguished merit has been shown during their undergraduate course by students

holding minor scholarships, and where scholarships for the same school remain suspended, or have been forfeited, the Commissioners will, at the close of each year, receive memorials from such students for an increase of their stipend.

The names of Royal scholars are placed on the college books, immediately after the names of the university scholars, without, however, altering their degree of seniority amongst their class-fellows.

MIDDLETON SCHOOLS.

"The Commissioners of Education in Ireland" will grant annually two prizes, one of £30 and one of £20, to be competed for by such junior freshmen who shall, subject to the rules prescribed for the Royal schools, have entered Trinity College, Dublin, from Middleton school, and shall have been examined along with the candidates for the Royal scholarships and in the same course.

The Commissioners reserve to themselves the right of withholding or reducing these prizes where sufficient merit has not been shown.

NOTE.—The course of examination for Royal scholarships may be varied from time to time by the Commissioners.

JEFFREY McDOWELL,
Secretary.

31, Molesworth-street, Dublin.
